

優化 灣仔、銅鑼灣及鄰近地區海濱的研究 HARBOUR-FRONT ENHANCEMENT REVIEW - WAN CHAI, CAUSEWAY BAY & ADJOINING AREAS

REALIZATION STAGE

Invitation to Participate

We are now at the Realization Stage of the "Harbour-front Enhancement Review – Wan Chai, Causeway Bay and Adjoining Areas" (HER). A Concept Plan has been developed based on your visions, wishes and concepts proposed during the Envisioning Stage. It is now presented for your comment and evaluation, to reach consensus on the basis for the preparation of the draft Recommended Outline Development Plan (RODP) and amendments to the relevant Outline Zoning Plans (OZPs) in the subsequent Detailed Planning Stage.

During the Envisioning Stage of the HER:

- Sustainability Principles and Indicators were developed with the public, against which the Concept Plan will now be evaluated
- the need for the Trunk Road (Central-Wan Chai Bypass) has been established
- a Trunk Road scheme that can meet the requirement of the Protection of the Harbour Ordinance has been adopted as the basis for the Concept Plan

You are invited to review the proposals for harbour-front enhancement presented in the Concept Plan and to give your views on whether these proposals meet sustainable development expectations and match your visions for the harbour-front.

**Sub-committee on Wan Chai Development Phase II Review
of Harbour-front Enhancement Committee**
