

**Progress Report from
Task Group on Management Model for the Harbourfront (TGMMH)
of Harbour-front Enhancement Committee (HEC)**

Reporting Period

This progress report covers the period from December 2009 to February 2010.

Meeting(s) held and the Major Outcome, Findings and Recommendations

10th Task Group Meeting – 9 December 2009

2. The Task Group discussed the following –

(a) Development of Sites 1 and 2 in the New Central Harbourfront

Representatives from the Development Bureau and the Planning Department briefed Members on the background of Sites 1 and 2 in the new Central harbourfront and the proposed development of a civic node and mixed-use precinct through Public-Private Partnership (PPP). Members generally supported the approach proposed by the Administration and highlighted issues such as accessibility and the need for adequate transport facilities. Members also advised that the design and planning briefs of the development should avoid being too prescriptive.

(b) Recommendation Report on Management Model for the Harbourfront

The Secretary of TGMMH presented the revised draft report. Members were invited to submit any final comments to the Secretariat on or before 23 December 2009. A final draft report was circulated to Members on 20 January 2010 and the report endorsed by TGMMH was issued to HEC members on 27 January 2010 for discussion at its final meeting on 18 February 2010.
